Link Officer

Lorraine updated the meeting on the Christmas lights situation and other admin info.

8. Special Reports

Alison Taylor from VASA addressed the meeting outlining the services offered by the group and what help could provide to the community.

This led to lively discussion around the services available in the village and the level of publicity about those services.

9. Ordinary Business

Christmas light provision was discussed due to an invitation by SAC to apply for funds to renew lights and the community council undertook to ensure there was a tree and lights at the Cross but emphasised that there would be no objection of others wanted to provide lights at Christmas.

Speeding within the village was raised and the chairman informed the meeting that ARA would attend the next meeting to discuss the initiative whereby all the roads within and through the village would be 20 MPH. The fact that the newer roads within the village were not 20MPH was raised along with the issue of the speed notification sign in the Croft not working. These will all raised with ARA at the next meeting.

10. Any Other Competent Business

No other competent business.

The Meeting was closed by the Chair who thanked all for their attendance.
